A hand-drawn diagram of a cell. It features a large, irregular outer boundary representing the cell membrane. Inside, there is a smaller, roughly circular nucleus. The nucleus contains a dense, dark, irregular mass representing nucleic acids. The space between the nucleus and the cell membrane is filled with a stippled or dotted pattern, representing the cytoplasm. A small, dark, irregular mass is also visible near the top left of the nucleus, possibly representing a nucleolus or a ribosome.

A hand-drawn diagram of a cell. It features a large, irregular outer boundary representing the cell membrane. Inside, there is a smaller, roughly circular structure labeled 'Nucleus' with a central dot. To the right of the nucleus is a large, clear, oval-shaped area labeled 'Vacuole'. Arrows point from the labels to their respective structures.
