## Examinations

**Examinations** – In line with modern technological advancements and the evolving needs of our academic environment, our college has integrated digital solutions into its examination and assessment procedures. To ensure a streamlined and efficient process, different departments conduct Internal Assessment Examinations using Google Forms and other online platforms as circumstances necessitate. This approach not only facilitates ease of access but also enhances the accuracy and timeliness of assessments. Additionally, all examination-related activities, including form submission, fee collection, marks allocation, and the dissemination of university results, are managed through online systems. This digital approach is designed to provide students with a convenient and effective examination experience while maintaining the integrity and efficiency of our academic operations.
